

The Harvest Series Joystick for Agricultural Vehicles

Sure Grip's Harvest Series sets the standard for rugged, weather-resistant joysticks. Developed to be a long-lasting solution for electronic control and built to withstand the seasonal demands faced by agricultural harvesting machines, the Harvest Series joystick's robust design and durable construction is ready to tackle the toughest environments to help you get the job done.

Long-Lasting Performance

Made with high-quality materials and expert craftsmanship, the Harvest Series joystick is built to last, providing reliable performance for years to come. Sealed to IP67 to handle everything from extreme heat to extreme cold temperatures and wet conditions, it is also field serviceable to maximize uptime.

Precision Control

With smooth and precise control over your equipment, the Harvest Series joystick helps you maximize productivity and efficiency, even in challenging conditions common to the agricultural industry.

Want to put the Harvest Series Joystick to the test?

Sure Grip delivers on your production needs with the fastest lead times in the industry. **Contact us today to see why there's nothing we can't handle!**

Optimal Configurability for Agricultural Vehicles

The Harvest Series joystick can be customized to meet your exact needs, with a variety of handle options and miniature thumb controls available to choose from that are ideal for harvesting machines.

Take Control with the Harvest Series Joystick

Configurable base/joystick with a variety of handle options and miniature thumb controls for added customization

Smooth and precise control for increased operator productivity and safety

Ergonomic handle design that provides a comfortable grip for extended use

Easily replaceable modular design allows for quick and easy maintenance in the field

Durable construction including IP67 sealing to withstand rugged environments and heavy use

Multiple output options, including digital and analog, to meet a range of application needs

Versatile mounting options to fit a wide range of machinery and equipment

Sure Grip Controls is an ISO certified company specializing in custom control solutions for vehicles and equipment in agriculture, construction, forestry, transportation and industrial applications. Our joysticks, miniature thumb controls, and control electronics are meticulously designed, engineered, manufactured and quality-tested to meet manufacturer's specifications while delivering long-lasting, reliable performance. We work closely with hundreds of original equipment manufacturers around the world to develop innovative solutions to their challenges. Whether it's a few joysticks or thousands, our engineering, manufacturing and fulfillment teams are ready to produce your project. Our flexible manufacturing and distribution systems are designed to meet the needs of our global customers.
